A number of these Has Beens have been ardent supporters of the Taftville team, but on different occasions when a Taftville man allowed a ball to go through him they have been called to a remark beginning with "Now, when I was young, I" etc. etc. This boastful talk came to the ears of Manager Belair and he decided then and there to pick a scrap with the Has Beens and called for them to bring on their organization and make good their threats. Accordingly the Has Beens are turning out, all right, and the direction of Coach Michael Murphy, and those who have been performing state that they have their doubts about the ability of the Taftville boys to

CHAUTAQUA SEASON CLOSES HERE; IS TO COME AGAIN NEXT YEAR

Chautauqua's Norwich season came to a close here Monday with programs in morning, afternoon and evening, all with good sized audiences, especially in the evening when the tent on the Academy campus had nearly every seat taken.

At the intermission in the evening concert by Buckner's Dixie Jubilee Singers, William H. Collins, who is president of the local Chautauqua association, made the announcement that Chautauqua was assured in Norwich for the 1933 season as enough guarantors had been secured to warrant the signing of the contract. He said the guarantors of the present season felt no regret at having to meet a deficit, as the high class of the entertainments had given them the feeling that they had been amply rewarded for the Chautauqua crew and said that the 1933 season gave promise now of much success as many new guarantors had been interested this year.

Mrs. Mary M. Wain, chairman of the Chautauqua superintendent, spoke a word of warm acknowledgment of the courtesies extended by Norwich citizens to the Chautauqua crew and said that the 1933 season gave promise now of much success as many new guarantors had been interested this year.

The boys and girls who joined the Junior Chautauqua presented the closing feature of the week on Monday afternoon the Junior Pageant entitled "The Conquest of Peace," which was written by Miss Mabel Wain of Swarthmore. It presented the striking events in American history, depicting the episodes of peace, and was a colorful presentation that brought out the value of the times preceding.

The American boy and girl were represented by Austin Corey and Grace Corey, of Taftville, and William Penn and his first name William Penn and his

NEW PASTOR'S SERMON ON FULFILLING A PROMISE
For his Sunday morning sermon at the First Baptist church, Rev. E. F. Dunbar, who came to the pastorate there on the first Sunday of this month, had chosen for his text Isaiah 41:10, "Fear thou not, for I am thy God; be not dismayed, for I am thy God; I will strengthen thee; yea, I will help thee; I will uphold thee with my right hand." The members of Junior Chautauqua, by means of a T. Day raised \$42 for Norwich playground equipment.

REV. E. F. DUNBAR
promises made to man, provided man keeps his promise to God and continues to love Him.

Illustrating some of the promises made by God which were fulfilled, he told the story of Abraham and the promised seed, which came at God's promise time. Another promise kept was that of Jephthah who vowed that he would give the first thing that came from his house if he won the battle with the Ammonites. His promise was kept when his daughter was the first to come out. Again a promise to God was kept during the reformation of Scotland, when a girl, Isabella, to the state refused to give up her faith in God, and her father, James, who was a great man, was killed by her.

In closing his sermon, Rev. Mr. Dunbar illustrated his subject by telling of the use of his amplifier in radio. He said that a thing is magnifying the human voice a thousand fold, sending it for miles for many to enjoy. In Jesus, the human voice was the greatest of amplifiers. When linked with Jesus human abilities are magnified and no matter how great or small the problem is, Jesus will direct and those linked to Him will always fulfill a promise.

AGAIN IN THE TURTLE RACE
(Special to The Bulletin.)
Once, on July 17—Once does not have to wait 12 months to get in the turtle race. Fred Sherman, one of the huddling farmers of this burg, landed a 43-pound one at Beach pond today, and in less than one minute pulled a 123-pound base from the other side of the boat.

For Month at Wintgreen Point.
Mr. and Mrs. J. Haviland Cherry and Mr. and Mrs. Pauline Cherry, three children arrived at Birchmoor cottage, Wintgreen Point, North Waterford, Saturday afternoon for a month's stay. They made the trip from their homes in Newark, N. J., by auto.

hold their own. A glance over the Has Beens lineup shows every man a veteran player—stars of the Taftville team of long ago. Archie Moller, one of the most enthusiastic sports in the vicinity, will reign on first. All the inhabitants remember him as one of the finest performers in the old days. Hornidas Lamouroux, another of the ancient warriors, will lead from second. Adams, who will be at his old position at short. Since moving to his farm in Lisbon Atam confesses he has been just a little out of practice but he will be in trim for the fight. Deane Mossey, who hails from the Canterbury turnpike, will endeavor to arrive early enough to take part in the game as third baseman. Zoon Gorman, who has yet has never retired from active practice, will be in left field. Jake Benoit, the ambitious and hustling promoter and the ground will be strong with electric lights (it is reported) to provide for the emergency of the game going some 15 inches and far into the night.

NOVENS AT ST. MARY'S CHURCH.
A novena of nine days of prayer in honor of St. Ann, mother of the Virgin Mary, whose feast day occurs on Wednesday, the 26th, opens Monday morning at St. Mary's church by Rev. William A. Kiefer, during the novena morning masses will be held at 6 o'clock for the convenience of the large desire to attend.

FINED \$200 FOR DRIVING AUTO WHILE INTOXICATED
There were five matters in the city court Monday morning which were disposed of by Judge Luby as follows:

Peter J. Solomonson of Yantic was fined \$200 and given 30 days suspension for operating a motor vehicle while under the influence of liquor. His sentence was thirty days but this was suspended. The accused, the clerk of the court, \$213.38 and left for his home. The car operated by Mr. Solomonson was badly damaged in a collision with a trolley car at Norwich Town Saturday night.

Two other motorists of Solomonson in the machine were fined \$10 and costs for intoxication.

A young man about 19 years of age in court for the first time charged with intoxication paid a fine and costs of \$19.50.

WATERBURY—Local factories are facing a shortage of skilled labor as well as unskilled labor. Employment agents are soliciting help but at the prevailing wages they are not being overworked in signing up new employees.

Girls, Don't Wash Your Face
Use Liska cold cream instead (you have never used anything like it). Just try it once and you will never be without it. Soap and water has a tendency to make the skin rough, and does not cleanse the skin as thoroughly as Liska cold cream. To prove it, make this test: Wash your face with soap and water, dry thoroughly, then apply Liska cold cream. Massage it well into the skin, then wipe off the surplus. Examine the skin and see how much dirt has accumulated there. Liska cold cream cleanses, softens and beautifies the skin. For sunburn or after a dusty auto trip there is nothing like it. It's the after shaving tonic. Let hubby or brother try it. Just compare Liska cold cream with any other you have ever used, and you will find no further argument to convince you that it is the best. It's not in tubes, the on sanitary way. Try it tonight. You will be delighted. At all toilet counters everywhere, including Lee & Osmond.

WOULD ELIMINATE STATE'S
WATER GRADE CROSSINGS
The public utility commission has approached the state highway department with a request for co-operation in the elimination of grade crossings of the state. It is believed likely that a movement, started at a conference between Commissioner C. E. Elwell and Highway Commissioner Bennett, will result in orders to the railroad to bridge the worst death traps now existing in Connecticut.

At Commissioner Elwell's request, Commissioner Bennett named the following as the most dangerous grade crossings in the state: 1. The crossing at Clapton—At a point in road from Newington to New Britain intersected by Highland division of railroad.

At Beckley Quarter, Berlin—At point in Berlin turnpike intersected by electric division of railroad from Berlin to Middletown.

At Old Saybrook—At point in the state highway from New Haven to New London near Saybrook to Hartford intersected by Shore line of the New Haven road.

Important state highways throughout Connecticut are intersected by 60 grade crossings, which are considered to be dangerous, according to Commissioner Bennett. He agreed, at Commissioner Elwell's request to prepare a list of these crossings, which are considered to be dangerous, and to bridge the worst death traps now existing in Connecticut.

In the face of an appalling increase in the number of grade crossings, the state highway department has been practically powerless to live up to the statute which requires it to grade crossings. It has been unable to raise the \$1,000,000 needed for the purpose, and the highway department has been unable to raise the \$1,000,000 needed for the purpose, and the highway department has been unable to raise the \$1,000,000 needed for the purpose.
